PROFESSIONAL SUMMARY

Recent B.Tech graduate in Computer Science (AI & ML) with a CGPA of 8.91/10 and hands-on experience across six internships in Python development, AI/ML, and full-stack web development. Skilled in building REST APIs, developing scalable web applications using Django and Flask, and creating machine learning models with TensorFlow and Scikit-learn. Strong foundation in object-oriented programming, SQL, Git, Agile development, and problem solving. Seeking opportunities as a Python Developer, AI/ML Engineer, Full Stack Developer, or Software Engineer.

TECHNICAL SKILLS

- AI / ML: Machine Learning, Deep Learning, TensorFlow, Scikit-learn, OpenCV, NLP
- Programming: Python, SQL, JavaScript, C#, PHP
- Frameworks: Flask, Django, Node.js, React.js
- Databases: MySQL, SQL Server, Azure SQL
- Web Technologies: HTML5, CSS3, Bootstrap, AJAX, jQuery
- Tools: Git, GitHub, VS Code, Jupyter Notebook
- Concepts: OOP, REST APIs, API Integration, Agile Development, Debugging & Troubleshooting

INTERNSHIP EXPERIENCE

Full Stack Developer Intern | Acaders Software Development, Bangalore *Feb 2026 – Jun 2026*

- Developed and maintained Django-based web modules end-to-end, writing clean, reusable code reviewed and merged via Git/GitHub in an Agile team environment
- Designed and integrated RESTful API endpoints for backend-database communication; debugged and resolved recurring issues, improving reliability of core workflows
- Worked cross-functionally with developers on sprint planning and code review, contributing to on-time feature delivery

.NET Developer Intern | Rail Wheel Factory, Ministry of Railways, Bangalore *Jun 2025 – Jul 2025*

- Built an Internship Management System (ASP.NET, SQL Server, AJAX, Dapper ORM) covering the full CRUD lifecycle for intern records and workflow tracking
- Optimized SQL queries and supported testing, debugging, and deployment, improving data retrieval performance

Machine Learning Intern | Rinex Technologies (Remote, part-time) *Feb 2025 – Nov 2025*

- Built and evaluated ML models (Scikit-learn, TensorFlow, Pandas, NumPy), covering data preprocessing, feature engineering, and model evaluation
- Improved model performance through systematic feature selection and hyperparameter tuning, benchmarking multiple algorithms to select the best performer

Web Development Intern | UK Info Tech, Pudukottai *June 2024 – July 2024*

- Built and tested responsive, cross-browser web applications (HTML, CSS, PHP, JS, AJAX)

Machine Learning Intern | Shiash Info Solutions, Chennai *Feb 2023*

- Contributed to machine learning projects, applying data preprocessing and model-building techniques

ADDITIONAL EXPERIENCE

- Data Analytics Trainee, Infosys Foundation (ICT Academy), Thanjavur — Built Power BI dashboards and visualizations for business intelligence reporting (Aug–Sep 2025)

PROJECTS

AgriGuard — *Python, Flask, TensorFlow, OpenCV, Arduino, ESP8266, MySQL*

- Developed an AI-powered smart agriculture platform using Flask, TensorFlow, OpenCV, Arduino, and MySQL for crop disease detection, automated irrigation recommendations, and IoT-based WhatsApp alerts

Bus Buddy — *Node.js, Express.js, MySQL, Socket.IO, REST APIs*

- Built a real-time bus tracking and complaint management system using Node.js, Express.js, MySQL, REST APIs, and Socket.IO with authentication and live GPS tracking

AI Resume Builder & ATS Analyzer — *Python, Flask, NLP, Scikit-learn*

- Resume parsing, ATS scoring, keyword extraction, and job-role matching using NLP techniques

StudyArc – Smart Study Planner — *React.js, JavaScript, HTML5, CSS3, Local Storage*

- Developed a responsive study planner with task management, deadline tracking, and persistent local storage

Personal Portfolio Website — *HTML5, CSS3, GitHub Pages*

- Designed and deployed a dark-themed single-page portfolio site (salma2516.github.io) showcasing projects, skills, and experience

CERTIFICATIONS

- Microsoft Azure Data Fundamentals (DP-900)
- GenAI Powered Data Analytics — Forage (Tata)
- Data Analytics — Infosys Foundation
- Python 101 for Data Science (PY0101EN) — IBM / Cognitive Class
- Python Using AI Workshop — Be10x (AI for Techies)

EDUCATION

Periyar Maniammai Institute of Science and Technology
B.Tech Computer Science (AI & ML) | CGPA: 8.91/10

LEADERSHIP

Vice Chairperson, Student Council | Periyar Maniammai Institute of Science and Technology *2025*

- Coordinated technical and non-technical events; organized workshops and competitions with faculty and student teams
